The Director called attention to an 8 April memorandum from the Under Secretaries Committee outlining procedures for crisis management. He asked that the DD/I and the DD/P get together and examine this guidance in terms of our own task force procedures.

DD/I reported that Governor Rockefeller will depart 11 May on the first of three scheduled visits to Latin America. In response to the DD/I's question, the Director asked the DD/I to schedule appropriate briefings for Governor Rockefeller via the usual State liaison channels.
